

Explore the World of CTE Careers!

CTE Mission

Prepare and support high school students for a smooth transition into high-skill, high-wage, and/or high-demand careers and appropriate postsecondary education.

CTE Programs

Provide students instruction and experience in the real-world application of academic skills, industry-based skill standards and interpersonal workplace skills and behaviors in order to become intern-ready for employment and/ or postsecondary education. These programs also provide students the opportunity to earn college credit while in secondary CTE programs.

CTE Programs of Choice

Radio & TV Broadcasting Technology

This program prepares students to apply technical knowledge and skills to the production of radio and television programs; and related operations under the supervision of broadcast and studio managers, directors, editors, and producers. This program includes instruction in sound; lighting; camera operation and maintenance; power and feed control; studio operations; production preparation; broadcast engineering; related computer applications; and specialized applications such as news, entertainment, live talk, sports, commercials, and taping. This course links to the knowledge and skills critical in Broadcast, Film and Journalism; and Audio Video Communication Technology.

Providing all learners the tools needed to succeed in an ever changing world.

It is the policy of the School District of the City of Harper Woods that no discriminatory practices based on gender, race, religion, color, age, national origin, disability, height, weight, or any other status covered by federal, state or local law be allowed in providing instructional opportunities, programs, services, job placement assistance, employment or in policies governing student conduct and attendance. Any person suspecting a discriminatory practice should contact the Assistant Superintendent at the School District of the City of Harper Woods, 20570 Kelly Rd, Harper Woods, MI 48225 or call (586) 209-2400.
